## Graduates of 6 Schools Conduct Joint Exercises

Receive Diplomas at Observances Held in High School Auditorium

Eighth grade graduates of six schools received their diplomas at exercises held in the Antioch Township High School auditorium last evening. Schools represented were Antioch Grade, Channel Lake, Grass Lake, Hickory, Oakland and West Newport. The Rev. Glenn Garber, pastor of the Libertyville Methodist church, gave the graduation address. Diplomas were presented by Richard Whitacre, principal of the Antioch school.

The program opened with Elgar's "Processional" march and the invocation, by the Rev. W. C. Henslee of Antioch, during which the audience stood. Appropriate selections were played by the Antioch Grade School band, and the hymn, "America the Beautiful," by Katherine Lee Bates, was sung by the graduates.

Following the graduation address, the Grade School chorus sang "Pale Moon," Logan, and "America My Own," Cain. After presentation of the diplomas, the exercises were concluded with the singing of "The Star Spangled Banner" and the benediction.

## "Winterizing" of Homes Now Is Being Advocated

The federal housing administration, in co-operation with other government agencies, is taking steps to minimize the effects of a fuel shortage next winter even more serious than any we have yet experienced, according to Ed. F. Vos of the Antioch Lumber and Coal company.

"The government is so conscious of the need to conserve fuel," says Vos, whose firm is local headquarters for Johns-Manville building materials and rock wool insulation, "that FHA is sponsoring an extensive campaign to 'Prepare Homes Now for Next Winter' and is implementing the idea in a practical manner. Local banks are being permitted to extend FHA-insured loans on a 36-month basis to finance fuel-saving improvements."

"Moreover, in an effort to spread the essential work of home fortification over the spring and summer months, heat conservation installations, if ordered immediately, may have the first payment deferred until November 1."

"Last fall," Vos points out, "many home owners who delayed 'winterizing' their homes were disappointed to learn that the work could not be scheduled until after the heating season had begun, because of shortage caused by the sudden surge of pent-up demand."

## Ohio Man to Speak at Commencement Exercises

Charles Milton Newcomb of Delaware, O., is to be the speaker at commencement exercises of Antioch Township High school, Friday evening, June 2, at 8:30 o'clock.

## City Briefs

The Antioch Unit of the Home Bureau will hold a food sale Saturday June 3rd, at the Antioch News office.

## Application Blanks for Canning Sugar Available

Canning sugar application blanks may be secured by residents of this area at the office of Harry J. Krueger, 390 Lake street. Blanks may also be obtained by writing to the Antioch-Lake Villa Township Rationing board, Lake Villa, Ill.

## Fifth War Loan Drive Will Start Here June 12

In common with other communities throughout the nation, Antioch township will start its Fifth War Loan campaign on June 12, Otto S. Klass, township chairman of the bond drive committees, announces.

"Because the drive comes at a time when there will be considerable discussion of politics, candidates and issues, it might be well to restate the fact that the War Bond campaign is completely non-political."

"Just as invasion and the winning of victory are everybody's job and responsibility, so are the promotion and sale of war bonds. Numbered among the five million volunteer war bond salesmen are people of all parties, races and creeds, with one common denominator—they are all true Americans."

## News of the Boys in Service

"I find my work a little different, but very interesting," is the observation of George W. Bartlett, AM 1/c, care of San Francisco Fleet Post-office.

"The weather here is warm and I have obtained a nice sun tan already and am getting darker every day."

Edward P. Dressel, who took his "boot" training at Great Lakes, is now MMS 3/c and is at the USNRB, Shoemaker, Calif.

Cpl. Clarence G. Dunford has been transferred from Greensboro, N. C., to New York APO 16128-A.

Pvt. Lester Osmond is a member of Plt. 461, RDMCB, San Diego, Calif.

Cpl. Clifford C. Crittenden has been spending a 12-day leave from his duties at Camp Polk, La., with Mr. and Mrs. William Huffman near Pikeville.

Men desiring to apply for Navy radio technician training may now take the qualifying test at the Navy Recruiting Office in Waukegan, according to Chief Petty Officer George W. Longgren, recruiter in charge, who announces that examinations will be given at his office, Room 33, Post Office building, every Tuesday between the hours of 1 to 5 and 7 to 9 p. m.

Previously all candidates were referred to the main recruiting station in Chicago, but the expanding need for men who can qualify for this training has made necessary the opening of additional offices where the examination may be taken, Chief Longgren explained.

Volunteers in the 17-year-old group, as well as men who have already received their pre-induction physical examination and have been assigned to the Navy may take the test, Chief Longgren said. "If they qualify, they are enlisted with a seaman first class rating at a base pay of \$68.00 per month, two pay grades higher than the average recruit entering naval service."

A call has been issued for the enlistment in the Women's Army corps of hundreds of women who are qualified to serve as technicians in Army medical installations. It is announced by Lt. Nell Breeden, WAC recruiting officer for Illinois.

The greatest immediate need, Lt. Breeden said, is for the enlistment of women who already are qualified as pharmacists, pharmacists' aides, optometrists, psychiatric social workers, orthopedic technicians, medical and dental laboratory technicians, X-ray technicians, lip reading instructors, hearing aide technicians, Braille and typewriting instructors and occupational therapy technicians.

A/C William Zalatoris, who is now taking his pilot training at Goodfellow field, San Angelo, Texas, has sent home a copy of his class book, "The Cadet," of which he was the editor. It contains pictures of officers and instructors at the field and of the cadets who are scheduled to receive their wings in July, including William.

## Antioch Lions Elect Joedicke New President

Officers Elected at Meeting at Andersons to Be Installed July 1

George Joedicke was elected president of the Antioch Lions club at a meeting following a roast beef supper Monday evening at Anderson's Petite Lake.

He will take office July 1, succeeding Ed. F. Vos.

Other new officers are Harry J. Krueger, first vice-president; Rudy Trieger, second vice-president; Rudy Eckert, third vice-president; Irving Carey, secretary-treasurer; Arthur Smejkal, tall-twister; Joseph Sheahan, lion tamer.

Chosen to replace Dr. G. W. Jensen and Robert Mann as members of the board of directors were William A. Rosing and Roman Vos.

The club voted to sponsor a golf tournament later in the season.

Dance Is Success

Reports on the "Hard Times" party and dance sponsored by the club Saturday evening in the Channel Lake pavilion indicated that the event was a success in all respects.

The pavilion was filled to capacity by those attending, including Lions and their friends and guests from a number of nearby cities.

Mr. and Mrs. O. E. Hachmeister were announced as winners of a \$10 costume prize.

## Sudden Illness Proves Fatal to Mrs. Bert Dickey

Dies Following Emergency Operation; Services Are Held Tuesday

Mourning with sincere grief by the many friends in this community who held her in high esteem, Mrs. Eva Dickey was interred in Hillside cemetery Tuesday afternoon after final rites held in the Strang Funeral home at 2 o'clock.

The Rev. W. C. Henslee, pastor of the Antioch Methodist church, officiated at the services, in the presence of relatives and intimate friends of the family who had gathered to pay their last respects.

Mrs. Dickey died Saturday evening at 11:05 o'clock in St. Theresa hospital, Waukegan, where she had been taken by the Antioch Rescue squad Wednesday morning for an emergency operation. Her death was attributed to peritonitis resulting from an obstruction of the gall bladder.

She was born in South Bend, Ind., and was the daughter of Charles and Emily Rippard.

On June 4, 1918, she was united in marriage there with Bert Dickey, who survives. The Dickeys later came to Antioch, where Mr. Dickey has operated a photograph studio for many years. Although of a quiet, retiring nature, Mrs. Dickey, who assisted her husband in his work, won the respect of all who had business dealings with them. Her passing was a genuine shock to business people of the community, patrons of the studio and friends, few of whom had even heard that she was ill.

In addition to her husband, she is survived by three sisters, Mrs. E. J. Flanagan, Antioch; Mrs. Ellen Goode, Ladysmith, Wis.; and Mrs. George Munro of Auckland, New Zealand, as well as by several nieces and nephews.

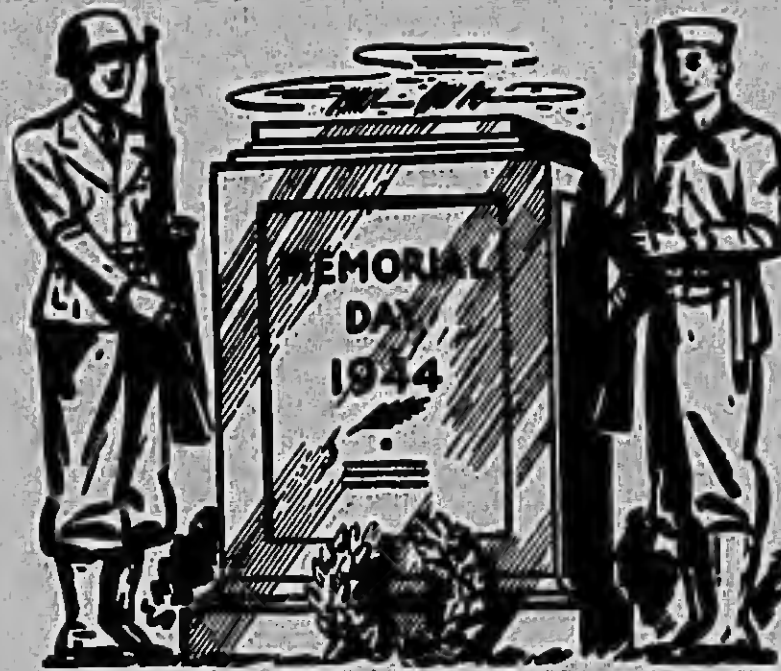

## Around the Resorts

A 38-inch, 10½-pound northern pike was a "record catch" made at the J. J. Haisman resort on Lake Marie last Sunday.

A 14-inch crappie was caught by Anton Plinter, 658 West 116 place, Chicago, on a minnow, Sunday in Channel Lake near E. H. Brinkman's Channel Lake Boat House.

Mrs. Einar Sorenson of Sorenson's resort, Channel Lake, is recovering from a broken arm suffered in a fall four weeks ago. Einar, who returned recently from a voyage to England as an engineer in the U. S. merchant marine, is spending his few spare moments cultivating a victory garden.

Mrs. Edward P. Dressel, Lake Marie, is convalescing at Victory Memorial hospital, where she underwent an operation five weeks ago.

## Dr. Allan Heath Found Victim in Oregon Tragedy Son of Antioch Man Slain as He Answers Call to Attend Patient

Leslie Heath returned Sunday from Portland, Ore., where he had been called by word of the death of his son, Dr. Allan Heath, 27, victim of an apparently motiveless double slaying and suicide on May 10, as he was answering a call to attend a patient.

Survivors include his wife, of Portland, who had been ill prior to his death; his mother, who resides in California, and who had been reported seriously ill; two brothers, Marvin and Donald, both of Antioch.

Services were held Monday, May 15, at Portland.

Dr. Heath had been called to the home of a Mr. and Mrs. Charles Livesley, by word that Mrs. Livesley was ill. Arriving at the duplex apartment where they lived, he was unable to arouse the attention of the occupants. He then made inquiries of the family living in the other apartment of the duplex and was passing a window of the Livesley apartment as he crossed the lawn to the doorway, when two shots were fired, one of which struck him in the back and traversed his chest.

Dies in Hospital  
A passerby ran to his aid as he collapsed, and police were summoned. He was removed to a hospital where he died an hour later without regaining consciousness.

On the arrival of the police, it was learned that Mrs. Livesley had died several hours earlier, of stab wounds. Livesley was found to have succumbed to rifle and knife wounds which were apparently self-inflicted.

Livesley, who had been employed at a pattern works in Portland, was said to have been out of work for two weeks because of ill health, and to have been in a despondent state.

## Taxes Must Be Paid Direct To Co. Treasurer

Ruling by Judge Dady Sets Aside Plea of Town Collectors for Books

Tax books of Lake county will be ready for delivery to the county treasurer, Gustaf H. Fredbeck, by June 1, it is announced by Deputy County Clerk Walter J. Smith.

Delivery of the books to the treasurer's office instead of to the town collectors, as is the usual custom, is being made in accordance with a ruling of Circuit Judge Ralph J. Dady.

A suit was filed recently by 10 of the 14 town collectors, asking that County Clerk Jay B. Morse be enjoined from turning over the tax books to the county treasurer, and that instead they be turned over to the town collectors in order that they might collect the first installment of real and personal property taxes in Lake county this year.

The suit also asked that the collectors be permitted to collect the taxes as listed in the books without penalty for a period of 30 days.

To Abide by Decision  
In Circuit court Tuesday, however, Judge Dady ruled against this suit. The collectors, with insufficient time left to appeal to a higher court, have announced that they will abide by decision, which will deprive them of fees ranging from \$750 to more than \$1,500 this year. Several of the collectors are said to depend on this income for their livelihood.

The county treasurer's office will not, it is believed, be fully prepared for the huge task of collecting all the taxes. In order to reduce the burden as much as possible, tax payers are being requested to pay their entire year's taxes at one time if they are in a position to do so.

May Work Hardships  
Collection of all taxes at the county seat is also expected to work some hardship on those who live in the sections of the county which are some distance from Waukegan and who prefer to pay their taxes in person—particularly in these days of gasoline rationing.

At least 15 days after receiving the books will be needed for preparing the individual tax bills, Fredbeck estimates. He expects, however, that they will be in the mail by June 15. The one per cent penalty for non-payment of taxes under the first installment will be made effective August 15, in accordance with a ruling by George F. Barrett, attorney general.

The delay in compiling assessments and preparing tax bills was caused by litigation at the state capital in Springfield with regard to the right of the state revenue department to fix railroad and capital stock assessments in each county.

## Poppy Day Proceeds Are Used for Welfare Work

"Every penny from poppies that will be sold on the streets of this and thousands of other towns, villages and cities in the country, is contributed to the welfare and rehabilitation work of the American Legion and Auxiliary," Mrs. Anne Heath, President of the Antioch Auxiliary unit 748 said today. "Because this work is being done by volunteers the money goes a long way."

"Many people have wondered what will become of the money collected by the volunteer workers Saturday, May 27. I wish everyone could see what help this money brings to the disabled and their families. Children left fatherless by two world wars are the special concern of the Legion and the Auxiliary. Their needs are often great, especially their human needs. We try to give them comfort both for the body and the mind."

"Of course the government looks after the physical welfare of the disabled men who are in hospitals in almost every state; but there are things which the government cannot provide, such as the understanding aid and the personal attention that so often helps a disabled man and which often helps to keep a family together when the chief breadwinner is incapacitated."

"This is what the money from the poppy sale helps to accomplish. And we hope that this year more and more people will buy the poppies and show their interest in and their sympathy for the men who have fought for them and are now struggling to get back to the point where they can again become self supporting."

A concrete step for the convenience of pedestrians has been constructed by the village at the high curb in front of the First National bank, Lake and Main streets.

Reddy and Mrs. Nicholas Starosselsky, Lake Forest, and Mrs. Averill Tilden, Winnetka.

"This business is a hobby with me and I do enjoy getting around and meeting people," says Mary Secor Kohler of Round Lake, whose husband, T/Cpl. L. C. Kohler, is serving with the army overseas. Mrs. Kohler, who humorously refers to herself as "Necktie Mary," has become a familiar visitor in Antioch, where her beautiful hand-made neckties are admired and purchased by many.

## We Hope for the Harvest

Another spring planting season has passed for the wheat fields of the Middle West and the stony hillside farms of New England. And as surely as rain and sun follow the sowing of the seed, summer's deepening heat will see endless regiments of shining wheat, tall row on row of corn.

Just as the farmer is dependent on the weather for his crops, so industry—and the country as a whole—can prosper only in a favorable economic climate. Today, when a crop of postwar jobs is the nation's hope for the future, it is pertinent to point this lesson out in convincing terms to the country's planners.

For there can be no question as to the eagerness of labor to produce, or of the willingness of management to supply the tools for production. But only if government policies are such as to insure a fair chance of profit can we hope for the investment of venture capital that will make expanding production possible.

## The Signs Are Clear

During the decade of peace preceding the war, the Federal government was going deeper and deeper into debt. The public was beleaguered by bitter arguments from two schools of thought concerning government borrowing and government spending.

The "we owe it to ourselves" school claimed that it made no difference how high the debt goes because with proper "planned economy" debt is an asset rather than a liability.

A second school of thought argued that inordinate government borrowing leads to bankruptcy and loss of individual freedom.

A generation of voters has now reached maturity never knowing any other than a "borrowing" government. The country to all outward appearances is prosperous and the citizen is still free. However, in spite of appearances, the philosophy of wasteful spending has been proved wrong.

No one will longer claim that our public debt is a burden whose weight is barely felt. And government

officials themselves cry that "easy money" government borrowing has made necessary a mountain of regulations to save the nation from "inflation."

This is a portent of national bankruptcy. It is still not too late to turn back if the fallacy of believing that unlimited debt does no harm, is abandoned, and government borrowing brought under control at the war's end.

## Quotes of the Week

"I always want more than I can accomplish, but I cannot say I am dissatisfied."—Gen. (Vinegar) Joe Stilwell, vowing his troops will reclaim Burma.

"The kind of America we need and must have is where smoke comes out of every factory chimney and where the farmer cultivates every arable acre for products that can be sold."—Morris Sayre, chairman Committee on Cooperation with Agriculture, NAM.

"I know now the true meanings of such words as duty, sacrifice, loyalty, and unselfishness."—Chaplain F. T. Cook, on Tarawa.

"Since 1920 our problem has changed from one of overcoming scarcities to finding ways to distribute the abundance that we know how to produce both in industry and agriculture."—Murray D. Lincoln, secretary, Ohio Farm Bureau.

"Little snakes are no good for a snake act. Apt to get loose and into audience. Audiences don't like to have little snakes in their midst."—Circus snake charmer.

"This country will never face a shortage in liquid petroleum products if conditions favorable to discovery of oil and to the development of synthetic substitutes are encouraged."—Pres. R. W. Gallagher, Standard Oil of New Jersey.

## It's A Tough War

"The draft is bearing down—pulling men from industry, taking fathers from their homes. This is heart-breaking. Americans would like to fight this war conveniently and pleasantly, but it can't be done. We are up against tough enemies, and although it is pleasing to believe that Germany will fall in a few months, that Japan then will be easy to defeat, perhaps these beliefs are not true. Americans fooled themselves before the war with a belief that we are immune to attack. Better call a million too many now than a million too few."—Macoupin County Enquirer.

Mr. and Mrs. Frank Kruckman were in Crystal Lake for the day Sunday with relatives.

Mrs. Herbert Sarbacher spent Monday in Milwaukee.

W. Schenning and Louis Gandt are at Lake Mackenzie, Wis., for the week on a fishing trip.

## Union Free High School

Bessie Barnes is presenting her English Prairie music and dancing nights in a recital at the English Prairie school Friday night, May 26.

The music students are to appear first with instruments they have made to illustrate early instruments and

corresponding numbers will be given to illustrate musical instruments as they advanced in perfection to those of modern times, to show the relationship between music and the dance. A

dance will conclude the evening's entertainment with students furnishing the music for the dancing. Caroline Schmidt at the piano, Violet Siedschlag, accordion and Tommy Bower the drums.

## WARTIME IDEAS FOR DAIRYMEN

# BUILD THIS ELECTRIC MILK STIRRER

for faster, better cooling

In peace or wartime, don't gamble on milk protection. Chances of milk rejection must be cut to a minimum if all the milk produced is to be marketed. One of the easiest ways to keep bacteria count down—to do a quicker, more thorough job of cooling—is to use an automatic milk stirrer like this laboratory and field tested homemade model. Spend a few hours constructing this one from odds and ends lying around your place and you will have a profitable time, work, and milk-saver.

"The modern infantry may not be the same, but its task has not changed. It is the proudest and most terrible job a soldier can have—to meet and subdue the enemy face to face. So while we praise the more glamorous service divisions, don't forget that courage and endurance are not specialties, that it's the dough-boy, the foot soldier, the man in the mud and dust who fights on despite everything whose valor will bring final victory. Hats off to the infantry.—Blue Island Sun-Standard.
